

Vermont Web Portal Board meeting
29th January 2013
DII 5th Floor Conference

Present:

Board members: Richard Boes, Marty Reid, Tracey Harrington, Abigale Winters, Brian Leven, Michael Clasen, Sam Young

DII: Harry Bell

DMV: Paul Graves

VIC: Jamie Gage, Robert Swartz

Meeting began with Board and VIC introductions.

- Update from VIC
- One fee proposal being presented - Motorcycle Rider Course Event Registration Service for Department of Motor Vehicles, \$5 Per Online Credit Card Registration
- Through discussion the board discovered that this service does not involve a statutory fee and DMV can decide the charge for the class with commissioner approval. The board saw no reason to have the fee go through the lengthy approval process when the DMV has the authority to just increase the cost of the class to cover the transaction costs. The Web Portal Board approval process was meant to provide fee approval for fees that would otherwise exceed statutory authority.
- No vote was taken and no fee approved.
